

*Centre for Research on Environmental Microbiology
Symposium Series*

A MAP FOR CROHN'S DISEASE

Mycobacterium avium subspecies *paratuberculosis* (MAP)
and Crohn's Disease: Is there evidence for causation?

Tuesday, October 8, 2002

1:00 - 5:00

Amphitheatre B

Roger Guindon Hall

University of Ottawa

451 Smyth Rd.

Ottawa, Ontario, Canada

M.T. Collins, School of Veterinary Medicine,
University of Wisconsin-Madison

J. Hermon-Taylor, St. George's Hospital
Medical School, London, U.K.

Keynote Speaker:

Dr. John Hermon-Taylor, Department of Surgery, St. George's Hospital Medical
School, London, U.K.

*The causation of Crohn's disease by Mycobacterium avium subspecies paratuberculosis
and opportunities for prevention and treatment.*

Other Presenters:

Dr. Roger W. Pickup, Centre of Ecology and Hydrology, Windermere, Cumbria, U.K.

*Studies on Mycobacterium avium subspecies paratuberculosis in the environment:
an ecological approach.*

Dr. Makeda Semret, McGill University, Montreal, Quebec, Canada

MAP and Crohn's Disease - A Canadian Perspective

Dr. William Cameron, Faculty of Medicine, University of Ottawa, Ottawa, Ontario, Canada

Etiological research in diseases of unknown cause: Guilt by Association?

A panel discussion and question period will follow.

Refreshments will be available.

CREM thanks the following for their sponsorship:

**Dr. Moe Goldner,
President,
Roger Stanier Institute**
